

# **District Four Thespians Festival**

## ***Dance Event Rules***

Dance is NOT a category at the state level (sorry, we've tried) and as such it will NOT be counted against you toward your three performance pieces. The following rules apply to the dance category.

1. The musical theatre selection must come from a musical theatre production which has been written and produced for the musical theatre stage. Upon request, you must show proof of the origin of the source material.
2. No medleys or screenplays are allowed. Each participant must be actively involved in the musical selection.
3. The performer may use non-vocal or vocal musical accompaniment, which can be live or recorded unless expressly written to be performed without musical accompaniment.
4. All material should be presented as if within the context of a full production. The number should be a number that is intended to be danced in the context of the full production.
5. The performer must not sing. This is a Dance only category.
6. Not to exceed five (5) minutes.
7. 1-16 performers.

### **MATERIALS**

1. Three (3) chairs and one (1) sturdy table will be provided.
2. The performer **MUST** provide his/her own CD player.
3. A piano **MAY NOT** be available.

\*Dance is a category that only exists in our district. All of the General Individual Event Rules from [www.flthespian.com](http://www.flthespian.com) apply.
